

# MAGNET MAGIC!

What can magnets attract?

## 1 QUESTION

What can magnets attract?

---

---

## 2 PREDICTION

What do you think will happen?  
Draw or write your prediction.

## 3 MATERIALS

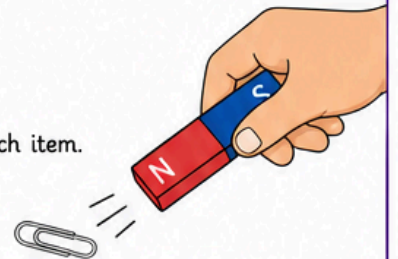

Tick what you will need.

- Magnet
- Paper clip
- Coin
- Plastic spoon
- Rubber band
- Button
- Piece of paper
- Pencil

## 4 WHAT TO DO

- 1 Take a magnet.
- 2 Test each item in the materials list.
- 3 Hold the magnet near (not touching) each item.
- 4 See if the magnet attracts the item.
- 5 Tick ✓ in the table below.

ITEM	DOES THE MAGNET ATTRACT IT?	
	YES 😊	NO ☹️
Paper clip		
Coin		
Plastic spoon		
Rubber band		
Button		
Piece of paper		
Pencil		

## 5 WHAT HAPPENED?

Write your observations.

What did you see happen? \_\_\_\_\_

Which items did the magnet attract? \_\_\_\_\_

Which items did the magnet not attract? \_\_\_\_\_

Why do you think some items were attracted and others were not? \_\_\_\_\_

Great scientists ask questions, make predictions,  
observe and learn!  
**Keep exploring!**
