

CAPACITY & MASS

- We can compare capacity.
- We can compare mass (weight).
- We use words like more, less, heavier and lighter.

1 Circle the container that holds more in each pair.

a.

b.

c.

d.

2 Circle the object that is heavier in each pair.

a.

b.

c.

d.

3 Look at each picture. Circle the container that will empty first.

a.

b.

c.

d.

Tip: Think about size and how much each container or object can hold or weigh.
