

FIZZY FUN!

Let's find out what happens when baking soda and vinegar mix!

1 QUESTION

What happens when baking soda and vinegar mix?

2 PREDICTION

What do you think will happen?
Draw or write your prediction.

3 MATERIALS

What will you need?

- Baking soda
- Vinegar
- Small cup
- Spoon

4 WHAT TO DO

Follow these steps:

- 1 Put 2 spoons of baking soda into the cup.
- 2 Add a little vinegar.
- 3 Watch closely!

5 WHAT HAPPENED?

Write your observations about what happened.

What did you see? _____

What did you hear? _____

How did it feel or look? _____

Great scientists ask questions, make predictions, observe and learn!

Keep exploring!
